Don't miss this opportunity to give your child the best start in their formative years.

As a Catholic school, faith in Jesus Christ is at the heart of who we are, what we do, and how we teach our students. We emphasize faith as an integral component of learning regardless of the subject being taught. We follow the Archdiocese of Cincinnati guidelines as well as including the Graded Course of Study (GSC) program used in Catholic elementary schools throughout the Archdiocese. Our goal is to produce well-rounded individuals who are equipped to succeed in the next level of education.
